KS1 Computing Knowledge Mat- Technology around us CYCLE B

Subject Specific Vocabulary	
Computer	A computer is an electronic device for working with information. The information can be numbers, words, pictures or sounds.
Laptop	A laptop is a portable computer that can be moved around easily to different places.
iPad	The iPad is a touchscreen tablet.
Mouse	A mouse is a small handheld device that controls a cursor on the computer screen.
Keyboard	A computer keyboard is an input device with a set of keys that allows you to enter letters and numbers into a computer.
Trackpad	The trackpad is a flat control surface used to move the cursor, most often found on a laptop.
Whiteboard	Whiteboards are connected to a teacher's computer, which means what is shown on the computer will appear on the interactive whiteboard.
